THE STRALEM FUND - US EQUITY, Category A shares (capitalisation) (LU0380918598) a sub-fund of THE STRALEM FUND

This sub-fund is managed by Kredietrust Luxembourg S.A., member of KBL European Private Bankers S.A..

Objectives and investment policy

Objectives

The objective of THE STRALEM FUND - US EQUITY is long term capital appreciation.

Investment policy

At least 70% of the sub-fund assets will be invested in equity securities of large capitalization companies out of the Index US S&P 500. The portfolio construction follows a bottom-up approach. The investment process is based on a rigorous analysis and evaluation of fundamentals, with the aim of investing in companies either showing growth potential or having strong cash flow.

The sub-fund may hold positions in either cash or money market instruments if the Investment Manager believes such is necessary to protect the interests of share holders in an unfavorable investment climate. The Investment Manager does not use derivative instruments.

The investor may subscribe, convert and redeem shares on each bank business day in Luxembourg.

Income of this share class is in principle reinvested (accumulated).

Recommendation

This sub-fund may not be appropriate for investors who plan to withdraw their money within 5 years.

Risk and reward profile

What does this synthetic indicator mean?

- The calculation of the risk indicator is based on historical data which may not be a reliable indication of the future risk profile of the sub-fund.
- The risk category shown is not guaranteed to remain unchanged. The sub-fund's risk indicator may shift over time.
- The lowest category does not mean a risk-free investment.
- The sub-fund THE STRALEM FUND - US EQUITY is classified in category 5 due to its investments in equity securities of the U.S. S&P 500 Index companies.

- Your initial investment does not benefit from any guarantee or protection.

The risk and reward Indicator does not take into account the following:

- The value of equity securities may go down as well as up in response to the performance of individual companies and general market conditions.
- The fund's exposure to a single geographic region, which may be subject to particular political, economic, social and fiscal risks, may cause the fund to be more volatile than broadly diversified funds.
- Failure or deficient processes, systems and controls, human error or catastrophic events may lead to important losses.

Full information on the risks applicable to the fund is detailed in the prospectus.
